## BEDS & MATTRESSES

### V4 Mattress

ROHO mattress inserts into centre of V4 mattress.  
ROHO section is ordered separately.  
See code 2600.  
Weight capacity 250 lbs.

### Pressure Redistribution Foam Mattress

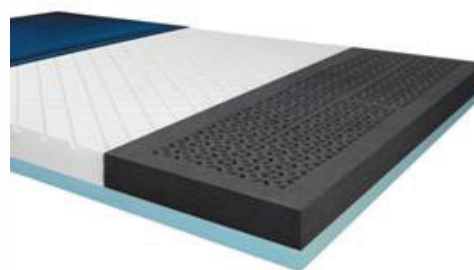

The top layer is a high-resilient, high-density die-cut foam for maximum support and comfort.

Lura-Quilt™, an aerated foam, heel section keeps patient cool and dry.

High-Density foam bottom layer provides support and stability for the bariatric patient.

Top Cover is a 2-way stretch fabric which reduces heat buildup and provides a low-shear surface that is anti-microbial and water-resistant.

Concealed zipper and a Barrier Stop Over-Flap prevents liquids from contaminating mattress core.

### Select Air

Alternating pressure mattress system.  
The alternating pressure relief reduces tissue interface while stimulating peripheral circulation.  
Weight capacity 350 lbs.

*Special  
request Item*

### ROHO Mattress Section

Need 4 sections to complete one bed.  
Please specify how many ROHOs and levelers and what part of body ROHOs are required for.  
Comes with pump.
